Annual Church Fair.

The Congregational Ladies' Sewing Circle held their fair this week at the Congregational vestry, Tuesday and Wednesday. The rain of Monday changed to the finest sunshine of the season for the fair's days. The decorations were appropriate and the articles in the several booths very desirable.

There was much work in the fancy articles and they found a ready sale. Mrs. Harry Luck, the chairman put in a day of time and labor to make it a success. She was ably aided. Those with a sweet tooth had their desire gratified by dainty home made, pure candies. Mrs. H. F. Andrews had a special charge here.

There were every kind and color of aprons, heart could desire. Mrs. C. N. Tubbs was the chairman.

People like mysteries and surely the bundles handed to buyers who purchased unknowingly had this predilection gratified.

The parcel post packages were something new in the fair line and were in great demand. Trade was brisk. Those interested, solicited a parcel from their friends the contents worth at least 10 cents. These were sold at the fair, most if not all of them in the original package.

AT AND VICINITY.

At Beal's Tavern, the ladies are temporarily housed at Beal's Tavern, well at Steep Hill.

This paper sent to an absent friend will be a continued reminder of you all the year.

"Buster" Brown and family took dinner at the Beal's Tavern, Thanksgiving day. Mrs. Brown owing to sickness was not able to be there. Mr. Brown tells us we were in error about the Ex-Lauds lord riding in a Mitchell car. "Had he ridden in one he would not have bought an Overland," says Brown. We were misinformed and beg "Buster's" pardon.

Geo. Greenleaf got a deer on the 20th. It was shot right near H. F. Greenleaf's home. This is the second deer that has been got in that vicinity this season.

Harry F. Greenleaf, ex-selectman and Up-town apple raiser and buyer says he got about 300 barrels of apples from his orchard this year. Last Thursday he shipped a car load and got \$200. He barrel for number one and two. He has not bought any apples this season. The lots are too few and scattering.

Arthur Noyes, son of Isaac Noyes, who lives on the old farm in Greenwood says he has run a two cylinder auto for 9 years. It gives him little or no trouble and surely it has been well worth its keep. Last summer he bought a six-forty passenger Hudson and likes it very much. He still runs his old car in bad weather and about his business, when he don't want to take out the new one. Mr. Noyes tells us his father's health is good, considering he is in his 83rd year. He shakes about as usual, but is able to read a newspaper without glasses.

Ruth Cummings is home from Boston for a week's vacation.

Plans for Norway Football.

As football has been sadly neglected at Norway High School for many years, until the latter part of the season just finished, the team began its campaign for the year of 1916 by holding a business meeting last Monday evening at the Nook studio. At this session Raymond Evers, who played left end this year was elected Captain to replace Quarter Back Andrews, the latter graduating in June. Paul Somner, who played guard and tackle this fall, was elected assistant business manager, while Donald Francis MacGrew, the magazine writer and a Chicago University man was secured to act as coach and business manager.

It was also decided that the team will appear throughout the coming season in uniform head gear, Spaulding mole skin trousers, and dark blue jerseys with stockings to match. In addition to this, each player will carry a number upon his back, in order to help spectators follow the play. Efficient men will be secured to act as officials at the games while a score board will be erected to display both the points made and the downs and the yards to gain.

Having been on these points, Coach MacGrew then insisted that extraordinary measures be taken to put the team in shape for a hard and grueling season, as a result it was decided that the boys will go through a session of spring practice, while the week preceding the opening of school will be given over to a camping trip along the shores of Lake Penesseewassee. As Norway High was known to have discarded football, and the team did not form until late in the season, Manager Hosmer had hard work to secure games this year; he was, in fact, forced to accept dates with second teams, and was often told to "get a reputation." With only nine days coaching, the team rounded into form and won their last two games in a manner that at least showed every man the possibilities within him; and if preparedness will do anything towards making them a worthy opponent for any high school team in the state next year, the boys are going to leave nothing undone. While the team will lose the services of Hall, Andrews, Bartlett, Descoteau, Sweeney and Evers, these men realize that Norway will probably have to accept many early dates if they find a place on the schedules of such teams as Hebron Academy, Portland High, Westbrook Seminary, and Deering High; and they have all expressed an eager desire to accompany the team on the camping trip to act as a second eleven. This will extend fifty and more feet on the street. It will be built as nearly fire proof as possible with cement floor and turn-table. They will employ a good mechanic to repair work and do a general garage business.

Work will be pushed along on the building as fast as possible. Mr. Bailey has carried on the Beal Street repair shop for the past season and this is an enlargement of the business started there. They have a nice location and no doubt will do a successful business.

A THOROUGH TEST

One to Convince the Most Skeptical Norway Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Norway residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

W. O. Needham, retired farmer, Main St., Norway, says: "At times my kidneys seemed affected. They were weak and my system seemed filled with uric acid."

Doan's Kidney Pills, procured at Stone's Drug Store, corrected these troubles and gave relief in a short time."

Over three years later, Mr. Needham said: "I use Doan's Kidney Pills occasionally and they always give me relief."

WEST STONEHAM

All Night on the Mountain.

Friday afternoon, Will Small and Thaxter Littlefield of East Stoneham, left Mr. Littlefield's home on Spaulding Mt. for a few hours hunting. As they did not return at night, Curtis Bickford's crew and the mill crew searched the mountain side until late in the evening when Mr. Littlefield and men were found at the foot of the mountain arrived and helped continue the search over Speckled mountain and Sugar Hill until daylight.

Mr. Littlefield then returned to East Stoneham for help and a general alarm was sent out by nine o'clock several men were in the mountains. About this time news came by telephone from Stowe, that bonfires had been seen in the night in Rattlesnake Mountain and a little later, the welcome news arrived that Mr. Small and Thaxter had been found on Rattlesnake Mountain by a party of men at eight in the morning and had gone down the mountain to Stowe. They missed the path to the camp Friday night and strayed about five miles out of their way.

Ralph Adams spent Thanksgiving with his brother, John Adams.

Mrs. George N. Newcomb and Mr. and Mrs. Summer Newcomb returned to Bridgton, Friday morning, after a week's visit with Mr. and Mrs. Fontaine at Cold Brook Farm. Mr. Newcomb shot a fine seven point buck and one small deer during the week.

Leslie McAllister had a number of teams here Wednesday and they finally succeeded in getting the engine for his mill up the mountain.

Alice, Goldie and Lottie Adams returned home Saturday after a week in North Andover and Boston.

Eight hunters left William Adams' farm for home, Tuesday. They carried out seven deer.

Mrs. Allen Garrett, who has been seriously ill at the home of John Adams, is gaining slowly.

All the men boarding at McAllister's camp went home for Thanksgiving.

Ad. R. F. route has been established in this section. It will start from the East Stoneham postoffice, go to Bartlettboro, through North Lovell to Wm. Adams' turn at North Stoneham, then to West Stoneham to Little Pond on the Fontaine road, then to H. B. McKee's on the Chute road, then back through Slab City to East Stoneham. The service begins Thursday, so hustle up your mail boxes and enjoy your part of one of Uncle Sam's best gifts to his children.

The old barn connected with the buildings of the Paris Hill Country club has been taken down by Seward P. Stearns, who recently purchased it and will be removed to his place north of the village. According to history this structure formerly stood on the Lemuel Jackson farm, and in this barn on the 25th day of June, 1795, the ordination service of Elder James Hooper took place.

Admiral Henry W. Lyon expects to soon go to the Army and Navy hospital at Hot Springs, Ark., for treatment for rheumatism.

Preparedness.

Except for minor details the program for the Oxford County Boys' Conference at Bethel is now completed, and all signs point to a successful meeting from the board of officers elected and held on the 3rd to the closing mass meeting on Sunday night.

The convention motto is "Preparedness." It is a live topic just now, and any Y. M. C. A. committee of program builders can be trusted to fit it to all three sides of the triangle of Body, Mind, and Spirit, which they have appropriated as their special symbol. The positions of honor on the program are given to Jeff C. Smith and A. A. Heald of Waterville, to Mr. R. B. Nelles of Bangor, and to Rev. George R. Stair of Portland. These are all Maine favorites with a reputation for getting things done, and for effectively getting their message before the men and boys they meet.

Registrations have been coming in freely. The response to the committee on entertainment has been encouraging and the requirement of the county committee fully met.

On Sunday forenoon, December 5th, Bethel pulpit will be supplied by conference speakers.

Rev. Geo. R. Stair has the principal address Friday evening following the banquet. On Saturday evening, Mr. A. A. Heald will give an address illustrated by motion pictures, while both Mr. Smith and Mr. Nelles will have prominent parts in the closing service of Sunday evening.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's Sarsaparilla today. Sold by all druggists.

Some Long Past Memorable Events.

M. W. Sampson in relating big events
of his life, said he was in the first auto
that ever went up Birch Avenue in Stone-
ham. The machine was driven by Wal-
ter Pride.

It brought to mind that the writer
some 20 years ago, took a fast mile with
Tom French on the race track at an
Andover Cattle Fair, which was an event
never to be forgotten or knowingly re-
peated.

Tom had made the engine and outfit
all himself and no one questioned his
mechanical skill and daring after the
performance. We were finished with pride
and happy when we stopped, that we had
escaped with our life. We shall never
take another such a chance. We forget
the time made but shall never forget the
ride to the end of the last setting sun
of our earthly existence.

It was an event and how he managed
to keep the machine right side up and on
the ground is a mystery even to this day.
It swayed and swung and tore up the
ground and the track was enveloped in
steam and the cheering was immense as
we past the Grand stand and toward the
track record. Remember this was 20 odd
years ago and there were no rubber tires
under the cart and the boiler set upright
between us, and the steam gauge had
gone its limit and how much beyond 200
we did not know.

Yes, yes, we made it and are alive to
talk about it.

The last we knew of Tom French he
was running a machine shop and garage
at Rumford Falls and is the father of
several children.

As a boy he was some machinist and
expert with steam on land or water.

BIRTH OF A NATION.

Next Week in Norway.
The picture is a dramatization of
Dixon's "The Clansman." Its chief in-
cidents are historic. The incident of the
negro is responsible for the formation
of the Ku-Klux Klan which chased the
carpet baggers out of the South and re-
habilitated the Southland.

Few people know into what a lamen-
table situation the South fell nearly ten
years after Appomattox. The whites were
disfranchised because of their part in the
war and Southern States were governed
by a combination of newly franchised
negroes and carpet baggers from the
North whose main object was loot.
How the whites of the South regained
control of the country is one of the
most dramatic passages in our history.

The "Birth of a Nation" is said to
contain 18,000 people and 3,000 horses.
Nothing so spectacular has been shown
upon the screen. For the first time in
the history of film art you see the great
historical conflict pass before you: the
burning of Atlanta, Sherman's March to
the Sea, Victory of the North, Grant
and Lee at Appomattox, Reconstruction
Troubles, Love and Romance of History,
Tremendous battle scenes, The Lincoln
Tragedy, Dauntless rides of the Ku-Klux
Klan, tender domestic drama and charm-
ing comedy and the dawn of the "New
Nation."

We have wondered at the great success
of the Birth of a Nation. The name
is enough to conjure with, for it breathes
the soul of patriotism and tells the story
of a reunited Country. Great battles
of the Civil War are fought before
your eyes; Lee surrenders at Appomattox;
Lincoln is assassinated as actually
as the scene took place in Ford's Theater
fifty years ago. The South both before
and after the War is pictured with great
faithfulness.

Just as Mrs. Stowe's Uncle Tom's
Cabin was founded on the incident in
connection with the pursuit of a fugitive
slave, so the author of the Clansman
Klan, tender domestic drama and charm-
ing comedy and the dawn of the "New
Nation."

Owing to the tremendous patronage
that will undoubtedly be showered upon
this massive screen spectacle during its
local engagement, patrons are warned to
secure their seat reservations at the earli-
est possible moment for the attendance
at the Opera House will positively be
greater than this town has even known be-
fore, either for a production of the speck-
le on stage or the silent drama. At Nor-
way Opera House December 9, 10, 11.

a beautiful and fine orchestra from
Otisfield rendered most beautiful music.

Barrows; flute, Forrest Edwards; cor-
nets, Eugene Edwards and Clifton Lon-
gford. Mrs. Winfield Walker gave a so-
lo. In the evening there was a special

by Mrs. Elizabeth Scribner; papers on
dechurch efficiency by Christine Cook and
Mrs. Fannie Wight; remarks by E. L.
Gay and a solo by Lizzie Edwards. A
large chorus rendered the hymns.

The three act drama, "The Old New
Hampshire Home" was played by Crook-
ed River Grange dramatic club at Grange

MRS. FRANK POWERS,
MRS. EDWARD POWERS,
IDA POWERS,
FLOESIE EASTMAN.
Waterford, Maine.

WATERFORD.

Frank E. Powers, last Thursday morning to hear that Frank E. Powers had died during the preceding night.

While passing in front of his own when he stopped at the Waterford post office, Wednesday evening one of them struck him a blow in the back with his horn that felled him to the ground. Although his nose bled freely he did not count his injuries serious and he continued his homeward journey riding on the axle of the wagon while his son drove the team.

On reaching the home of C. B. Learned about a mile from the village he felt so ill that he was persuaded to remain there and Dr. Stimpson was summoned. On examination he found that the sutures of the skull had been fractured, an injury for which there is no remedy and which caused death a few hours later.

Mr. Powers was a native of Vermont, and was forty-four years of age. He went to Rhode Island when seven years of age and resided there twenty-five years and at the end of that period came to Maine, residing for the last two years in Waterford, Me. Mr. Powers was thrice married, his first wife being Flora Wines who died in 1896 by whom he had two children, Grace and Harold who reside in Lowell, Mass. In 1898 he married Dora F. Bessey and to them were born four children, George and Ida.

Mr. Powers worked as a spool-maker for some time at Locke's Mills, but since coming to Waterford has been engaged most of his time in carpentering. A brother and sister, Fred and Mrs. Ida Lidgate of Pawtucket, R. I., survive him.

Funeral services were held Saturday at the home on the Waldo Green farm.

Rev. C. W. Sias officiating and hymns were sung by a quartette consisting of Mrs. Nellie Stone, Eleanor Kneeland, L. R. Rounds and G. W. Sias.

Interment was made in Elm Vale cemetery. The following is a list of the floral tributes:

White pinks—Mrs. Ira Powers and Flossie Eastman.
Wreath—George and Ida Powers.
Fringed chrysanthemums—Mrs. Bessie Powers.

Pinks—C. B. Learned and family.
Pinks—W. J. Onstead and family.
Daisy pinks—L. R. Rounds and family.
Cut flowers—Mrs. George Sias.
Cut flowers—Mrs. Adolphe Penack.
Fringed chrysanthemums—Friends.
